

VID Fundraising Event Proposal

We care deeply about the welfare of all furbabies. That is why we have developed this proposal to help as many rescue groups as we can. There are so many wonderful non-for-profit animal groups out there, and we would love to support them all, if we could.

FurBaby Boutique & Café strongly believes that furbabies are family, and should be treated as such. We want all furbabies to be nurtured in a safe, warm and loving family environment to live longer, happier and healthier lives.

If your organisation shares this vision and are interested in a collaborating with FurBaby Café we would like to hear from you.

What we are offering:

- Exclusive use of our VID Area for two hours from 8am – 10am any Saturday or Sunday (excluding public holidays), no hire fee charged. You can use this space to host a 'meet greet' adoption event, a playdate with rescued furbabies or any other event you wish. The idea is that you could possibly sell tickets or think of other ways you could use the space to raise money for your organization.
- FurBaby will host an 'event' on Facebook, to reach as many people as people and raise awareness of the event. With over 12,000 followers we have the potential to reach a lot of people.
- FurBaby will donate a \$50 gift voucher to the rescue.

What we ask from the rescue:

- Collaborate with FurBaby to create an event that will be of upmost benefit to the rescue. Whether it's an adoption day or fundraising event
- Book the event well in advance, so there is plenty of lead time to ensure a great turnout.
- Promote the event with your own networks to get the most exposure

If this sounds like something that could benefit your rescue or non for profit group we would love to hear from you!
